Zeyad Manaa's Website (Last Update Sep 12, 2024)

Updates guide

Change one of the files in _data, unless you are changing the look of the website.

Test changes with:

```
jekyll serve
```

Push to the ML web directory:

```
rm -rf public_html
mkdir public_html
```

```
./__deploy.sh
```

More info on the Media Lab wiki.
